October 24, 2011

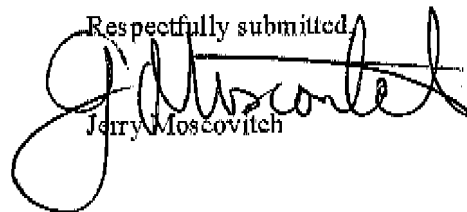

Dear Sir:

After the Notice of Allowance dated July 25, 2011, the applicant submits the following under 37 CFR 1.114 (Request for Continued Examination). The following is submitted for the purposes of 37 CFR §1.56 (Duty to disclose information material to patentability) and 37 CFR §1.97 and §1.98 (Information disclosure statement). The applicant is providing herewith form PTO/SB/08.

The applicant would like to make the Examiner aware of co-pending U.S. Application No. 12/206,423 also having Jerry Moscovitch as an inventor. This application has been published with publication no. 20080316689 and is listed in the form PTO/SB/08.

The applicant has listed under the IDS heading "Non-Patent Literature Documents" references that came from the Internet. Unfortunately, the applicant does not know if these references listed in the Non-Patent Literature Documents section (and the relevant products identified in these references) are prior art. In other words, the applicant does not know when these products were first offered for sale. Out of an abundance of caution, these references are being supplied to the Examiner.

Respectfully submitted,

  
Jerry Moscovitch
